### DID YOU KNOW?

**Trees** are our closest friends in the plant kingdom. They provide shade from the sun and protection from cold winds. They cool our homes and outdoor rest areas and provide shelter for birds, pollinators, and insect predators. They provide oxygen to the air we breathe and store carbon to protect the climate. Be part of tree planting initiatives and protect your trees.

Starting Sunday, June 25<sup>th</sup> and for the summer,  
there will be no coffee after the worship service.
